Currently Ambassador for the **Fellowship for British Hairdressing**
International Ambassador for **Joico**

The first big show I did for the Fellowship was at salon international we had 16 models ,what was I thinking , prepping from 4am in the hotel crazy times. Now I definitely take the approach 'less is more'. That was 26 years ago. Stephen Messius introduced me to Ann the Herminator, and although it was incredible, I remember coming off stage and Ann saying your models chewing gum, make sure that does not happen again.

Obviously the Fellowship has helped me and my artistic team along our journey ,we have had some incredible times .Then when Terry Calvert became president he asked me to head up the F.A.M.E Team which was supposed to be 2 years and turned into 5 incredible ones with 5 great teams . Then President and now Ambassador for the Fellowship which is an absolute honour.
